Cllr Hicks noted that County Council decisions were postponed because of the general election campaign. The County's four full-time fire and rescue service stations got a "good" review from Her Majesty's Inspectorate; they were in the top third in the country. Recommendations for improvements were noted. Ten schools have been identified for development of new Special Educational Needs and Disability (SEND) units. The County's Trading Standards Unit successfully prosecuted a rogue businessman who was taking advantage of vulnerable and elderly people by selling them faulty or non-existent goods. The requested speed restriction on Gosbeck Road is proceeding through its formal processes. Cllr Pepper expressed appreciation of this progress.

Cllr Morley reported that MSDC Council Tax is going up by 1.66%; £500,000 have been set aside for climate change initiatives. The Council is clamping down on tax fraud, especially people wrongly claiming single occupancy. The vulnerable would be protected while the crackdown proceeds. A visitor centre is being built at Needham Lakes.

In response to a question about apparently increased heavy traffic on Otley Road, Cllrs Morley and Hicks both welcomed any detailed information which would enable them to make inquiries about why this is happening. Inquiries will also be made about repairing the bridge between the woodyard and the back entrance to Helmingham Hall.
